# THE ARLINGTON, CHILSON'S ENTIRELY NEW AND GREATLY IMPROVED PORTABLE RANGE, 1875

I desire to call special attention of every housekeeper in want, or who ever expect to want a STRICTLY FIRST CLASS RANGE, to the great improvements over my old pattern Range, in *broiling, heating water, anti-cling grate, nickel-plated trimmings, towel dryer, four extra shelves*, and extra heavy, fine, smooth castings, of *iron* and beautiful design, no place for dirt, rust or grease to lodge to keep women scrubbing, but always a clean surface. This beautiful range has no equal in this country. This will be proved on examination and trial.

I also desire to call the attention of gentlemen, in want of the most substantial and beautiful range for broiling, setting ever put up in any kitchen, to my ARLINGTON BRICK RANGE, which is acknowledged by all to be the most splendid piece of work, for a range, ever got up. Also the *Chilson Brick Set Range* that has acquired such a high reputation in the use of over ten thousand ranges, in giving the most perfect satisfaction. This range comes at less price than the Arlington, and is within the reach of all. A full line of Furnaces, Ranges, Stoves, etc., at the lowest market prices. Special attention given to putting up furnaces and ranges in any part of the country. Nothing but what is strictly first-class work is manufactured by me.

Two years have elapsed since a DIRECTORY OF BROOKLINE was published, and the many changes, both in business and residences, make a new edition very much needed.

The Town of Brookline was incorporated A. D., 1705; population, 1682. Its present population (A. D., 1877), is about 7500. In 1844 the town contained, within its geographical limits, 4695 acres, a portion having, since then, by legislative enactment, been set off to Boston; its present taxable area is 3767½ acres.

We have endeavored to present a trustworthy record of the inhabitants, business firms, public officers, institutions, and the societies of the Town, and we trust we have succeeded in so doing, to the satisfaction of our patrons and the public generally.

We have been engaged in compiling and publishing Directories for nearly twenty years, and our experience during that time has enabled us to so systematize and extend our business, that from a comparatively small beginning, we now publish a larger list of Directories than any firm in this country. We keep constantly employed a large corps of canvassers, compilers, proof-readers, printers, and binders, and the utmost care is taken in each department to avoid errors, and to present our works in an acceptable manner to our patrons.

Having removed our office from 242 Washington street, Boston, to more commodious quarters in the granite building, No. 22 School street, we shall be pleased to see all of our patrons and friends who may wish to refer to our Directories, complete files of which are always kept on our shelves.

Americans visiting London, England, will find our directories on file at Messrs. Henry F. Gillig & Co.'s, 449 Strand, Charing Cross.

Many thanks are due to the business men of Brookline and Boston, who have so willingly aided us in our efforts this year, and hoping we may merit a continuance of the same in the future, we remain,

Very respectfully,

October, 1877.

# BRETT'S EUREKA SALVE!

## PURELY VEGETABLE.

This remarkable cleansing and healing agent having been used by the discoverer and his family, employes, friends, and neighbors for many years, in numberless cases, with the most satisfactory results, we feel the utmost confidence in offering it to the public, (which we do by the earnest solicitations of those who have used it), for the immediate **Relief and Permanent Cure** of BURNS, SCALDS, BRUISES, CUTS, CATARRH, FELONS, CORNS, FROZEN HANDS AND FEET, CHILBLAINS, OLD SORES, SORE THROATS, DIPHTHERIA, RHEUMATIC AND NEURALGIC PAINS; also, PAINS IN THE BACK, SIDE, AND BREAST, NUMBNESS OF LIMBS, COLD FEET, CHAPPED HANDS, SORE EYES, VARICOSE VEINS, SORE LIPS, AND ULCERS. It produces circulation, and prevents and removes inflammation, and stagnation of fluids, and maturation in sores, which is the cause of pain and soreness; and also prevents mortification from setting in, if applied in season, used freely, and renewed often.

# BRETT'S EUREKA SALVE! PURELY VEGETABLE.

This remarkable cleansing and healing agent having been used by the discoverer and his family, employes, friends, and neighbors for many years, in numberless cases, with the most satisfactory results, we feel the utmost confidence in offering it to the public, (which we do by the earnest solicitations of those who have used it), for the immediate **Relief and Permanent Cure** of BURNS, SCALDS, BRUISES, CUTS, **CATARRH**, FELONS, CORNS, FROZEN HANDS AND FEET, CHILBLAINS, OLD SORES, SORE THROATS, DIPHTHERIA, RHEUMATIC AND NEURALGIC PAINS; also, PAINS IN THE BACK, SIDE, AND BREAST, NUMBNESS OF LIMBS, COLD FEET, CHAPPED HANDS, SORE EYES, VARICOSE VEINS, SORE LIPS, AND ULCERS. It produces circulation, and prevents and removes inflammation, and stagnation of fluids, and maturation in sores, which is the cause of pain and soreness; and also prevents mortification from setting in, if applied in season, used freely, and renewed often.

# LEXINGTON PAINT,

MANUFACTURED BY THE

**LEXINGTON MINERAL PAINT CO.**

**JOHN SULLY, - - - Superintendent.**

**SELLING AGENTS.**

**Jerome W. Tyler, W. R. Stockbridge.**

The Lexington Paint after a thorough test of over ten years, is offered to the public, as the best and cheapest paint in the market. It is not an Ochre, it is a Mineral of peculiar composition, the basis of which is Silica, Alumina, Oxide of Iron and Manganese, forming a fine soft powder of a beautiful drab color. The Lexington Paint is superior for all purposes for which Paints are used. For Iron, Wood and Stone; for Carriage Bodies and Steam Cars; for Tin and other Metals; also, for Flat Roofs. It is equal to White Lead in its adhesiveness, elasticity, and ease of application, flowing perfectly free from the brush, while it requires by actual test 28 per cent less oil than the best Foreign or Native Ochres and covers much more surface. It does not contain any perishable substance, and its durability is unsurpassed. The large quantity of Manganese in its composition renders any artificial drier unnecessary. It is very valuable for paper manufacturers.

This paint is put up in barrels and half barrels, and stamped with the Companies' Trade Mark. A large number of testimonials from the best painters may be seen at the office of the Company.

## Extracts from Testimonials.

A. A. HAYES, Assayer, says this paint is of the greatest value for buildings, of brick, or wood, and for hulls of vessels of wood or iron.

C. A. SAWYER, painter, says, have used it for two years and find it superior to any other mineral paint.

J. P. SQUIRE & Co., say, we have used your paint extensively and do not hesitate to say it is the best paint we have ever used.

S. A. DAVIS, carriage builder, says, we have used it on light and heavy carriages, of different colors, and would recommend it to carriage and car builders generally.

W. J. McPHERSON, painter and decorator, says, your paint is very satisfactory for tinting and painting having qualities for covering and durability not excelled by any similar article.

CHAS. SAFFORD, painter, says, I find yours is the best mineral paint now in use.

T. D. MORRIS, painter and decorator, says, I incline to the opinion that for all purposes where a saving of oil is desirable, and also as a foundation for carriage bodies it will be valuable, and for tinting walls of churches, halls, and public buildings.

THE SELECTMEN of Lexington, say, we have painted several school buildings and town hall, with different tints of the Lexington paint, and are much pleased and gratified with the results and present colors of the houses.

CAPT. GEO. WALSH, says, I find your paint without a rival in all the properties that constitute an economical and imperishable good paint.
